ABOUT US

Established in 1995, U. S. Ostwal Education Society, aims at imparting Quality Education to its Students. After its successful achievement, at its schools in Nalla Sopara, Mira Road and Boisar in the Dist. Thane, Maharashtra U. S. Ostwal Education Society has taken a further step towards its objective of setting up of Quality Education Institutions, by starting a new venture of U. S. Ostwal International School at Mangalwad, Chittorgarh Rajasthan.

Led by our Visionary and Chairman & Founder Shri Umrao Singh Ostwal, the U. S. Ostwal International School — (USOIS Mangalwad) is an extension of the U. S Ostwal Education Society, which has established several Quality Educational Institutes in Maharashtra. The alumni of our institutions are placed at various positions of repute internationally and in and over the Country. Since 1995, the Board Members of the U. S. Ostwal Education Society comprising of Members of the Ostwal Family, have instilled in their students Intellectual, Moral, Spiritual and Emotional Values, thus preparing them to be Compatible with Today's World so that they can be a valuable citizen to serve the nation and society.

Message from the Chairman Desk

"Education is the foundation of all progress."

The destiny of our nation is in the hands of our young generation, who live in the age of knowledge and technology. Our purpose in education is not only to impart knowledge and foster skills in students, but also to develop them holistically and to inculcate in them the core values like responsibility, integrity, empathy, and community.

At the U. S. Ostwal International School, Mangalwad we understand the responsibility of preparing the future leaders of the world. Our main focus is about capitalizing on student potential and raising the academic level of our school. Staff development is a key factor to this goal, and USOIS is providing continuous teacher training in order to deliver high-standard education in our classrooms.

The USOIS Mangalwad, since it was established in 2016, has attributed its success to the school's ability to evolve and respond to the changing needs of education sector. In line with vision, our school also seeks to transform and educate students who are fully capable in facing challenges and making a positive impact on today's global society.

I am privileged to be part of a team of educators who are highly qualified and well-diversified; educators who are dedicated to helping students prosper in a dynamic and competitive international environment. The USOIS, Mangalwad takes pride in maintaining high standards of learning and offering quality education to students from different walks of life.

It is my sincere hope that all our stakeholders continue to embrace our mission and vision for a better and brighter future for the generations to come.

Umrao Singh Ostwal
Chairman & Founder

Message from the Managing Director Desk

The purpose of education is not just to produce academicians but also to develop humane and sensitive citizens. At Indian USOIS, we ensure that a congenial environment for learning is maintained while making sure that children have enough opportunities to develop their personal and interpersonal skills. We firmly believe that parents role in the Child's educational development is crucial. It is the parents who are the first GURU of the child. So, we create mutual respect and strive to establish continuous communication between parents, teachers and administration.

We pride ourselves on creating a culture of learning where students are free to express or share their interest in variety of fields while developing their character as well. Delayed gratification, integrity, civic consciousness and the willingness not to give up, these are the values that we seek to inculcate in our students. With extra-curricular classes, a strong emphasis on communication skills and activities mean to foster cultural understanding, the students of our school emerges as elucidated and responsible citizen of the world.

USOIS is more than an ordinary school. We encourage students to embark on difficult, challenging journeys that stretch their potential. But we do so with an unyielding faith in capacities of our teachers and students. The management and staff of USOIS is deeply committed to work tirelessly in order to make our students' learning experience an exciting and elucidating one.

Kuldeep Singh Ostwal
(Managing Director)

Message from the Director Desk

At this unique institution, we hone the academic skills, fine-tune the aesthetic senses and work towards building a holistic culture that values the individuality of each pupil, helping them realize their innate potential.

Children are encouraged to explore and revel in the joy of learning. Rote learning is discouraged and Research Based Learning is the norm, where each pupil is guided through an individualized work plan in consonance with his/her potential, thereby providing a complete learning experience.

We believe that Education's purpose is to replace an empty mind with an open one. We are of the conviction that giving roots of values is significant so that our pupils remain firmly rooted to the ground.

We give our students wings of ambition, so that they can soar like falcons to touch the skies and endeavour to make them global citizens who can look beyond geographical boundaries and promote a culture of peace and universal brotherhood.

Vijay Singh Ostwal
(Director)

Message from the Principal's Desk

My message, especially to the young people is to have courage to think differently, courage to invent, create, and take initiative in applying thinking skills critically and creatively to recognize and approach complex problems and make reasoned, ethical decisions.

It is but appropriate for us to nurture an ambience of quality so that our students wait eagerly for the revelations for higher understanding and continue to hone their edges for their triumphs.

According to our school's philosophy, we also believe that values provide an anchor in life as well as the ability to take decisions. They make you strong and capable of withstanding the greatest storms. Concepts of peace, harmony and tolerance must be learnt in school. The school, being the child's first and foremost experience of socialization, is uniquely placed to influence the child in a positive way, inculcate the desired values that the society collectively cherishes and impart an education aimed at the whole child that would result in all round development of the child.

The education system must strengthen and sustain our diverse multi-cultural, multi-religious and multi-lingual society.

With these words I wish all those associated with the philosophy of our School, progress and may the school attain great heights of success.

With Profound Regards
(Vinay Sharma)
Principal

OUR VISION

Our vision at U.S. Ostwal International School is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them, as lifelong learners, to participate in and contribute to the global world and practice the core values of the school: respect, tolerance, inclusion and excellence. Our vision is to encourage children to think independently, to be passionate about what they wish to do to value excellence. To be a learning mode all their lives with knowledge, confidence, compassion and cheer, children must proceed to make the world a better place than they found it.

MISSION STATEMENT

Our mission is to achieve excellence in learning both within the classroom and beyond. To empower teachers to guide children with means to construct knowledge. To bring back an element of joy to school surrounding which would nudge the child to grow into full bloom.

U. S. OSTWAL INTERNATIONAL SCHOOL

Affiliated to CBSE, Affiliation No. 1739934

By providing a challenging and innovative curriculum that has these features, our students develop Leadership Attributes that prepare them, not just for success at a top university and a successful career, but to provide Leadership for a better world. Realizing that a student teacher and parent teacher relationship is the most important relationship, USOIS has given a new media of interaction. The school has an ERP which provides single point access of all School related information from anywhere in the world. Parents can have the minutest information about their wards in terms of academics, attendance, online fees and personalized information.

The school has also developed a Mobile Application that parents can download on their mobile phones and hence stay connected with the school effectively and easily. Parents can also post any query to any teacher online which is replied to promptly by the concerned teacher. Parents and students stay updated about the latest activities in school with the help of E news, Image Gallery, newsletters and other facilities. They share their knowledge and views with other parents and school through various features like Articles and Forums.

THE SCHOOL PROGRAMME

The School offers a full day program of activities, with a judicious mix of academic, sporting and co-curricular activities, in order to provide truly broad based and comprehensive all round education. The education program is student centered and all students are encouraged to develop their innate potential to the fullest. A rigorous curriculum has been devised to take care of the intellectual needs of its students, with a specific emphasis on preparation for further academic study in India or abroad. A humane attitude in the school promotes self-esteem, supports and encourage constructive student interaction.

SCHOOL CALENDAR

The school follows the regular academic pattern of premier public schools. The school's annual programme is as follows:

Session starts	:	1st week of April
Summer Vacation	:	End-May to Early-July
Winter Vacation	:	End-Dec. to Mid-Jan.
Session ends	:	31st March

CLASSES/ SEMESTER

The school is from Play group to Class XII and has all the optional courses of Classes XI and XII including Medical, Engineering, Commerce and Humanities. The school year is from April to March divided into two terms, as per the pattern prevalent in all public schools.

THE JUNIOR SCHOOL

(Class – Nursery to V)

The junior school is the first step forward for our little ones as they enter Class 1. The basic inputs that the child has been provided at the formative stage are consolidated at this level as the students become capable of understanding basic concepts of the various subjects. The infrastructure and the classrooms have been carefully selected to ensure that the sense of belongingness created in the early years carries on with the child as he moves to the junior school. Various co- curricular and extracurricular activities are introduced at this level and the children are encouraged to explore their creativity and individual talent.

THE MIDDLE SCHOOL

(Class - VI to VIII)

When a child enters Class VI, the school helps him make the transition from a protected environment to one where he develops his individuality and personality. The child is also encouraged to develop his interest in specific subjects as per his aptitude and potential so that in the later years he may specialize in his chosen areas. The child is now familiar with the school environment and is exposed to more formal ways of learning and testing. Co-curricular activities are given a lot of importance as they play a crucial role in the all-round development of each child.

THE SENIOR SCHOOL

(Class -IX to XII)

The prescribed syllabus of CBSE forms the basis of the curriculum at this stage. Students are exposed to a wide spectrum of knowledge. Project work, audio visual aids, hands - on experience, excursions and exchanges help to enhance the students' learning. The Senior students prepare for the first major examination of their lives, the CBSE Board Examination of Class X and XII. At this level, the school strives to provide a scholarly yet stress free environment to the students so that they can achieve goals and standards they set for themselves. The teachers, at this stage, are recognized experts in their fields so that the students can be provided every opportunity to excel in academics. The senior school children also take the first step into adulthood and need adequate guidance and counselling from all concerned, hence the teacher is encouraged to be a friend, philosopher and guide for the children. The school offers specialized courses of study in Class XI and XII so that the students can be prepared for the careers that they wish to pursue later in life.

CAREER MATTER

The students are encouraged to set career goals for themselves; to hone their learning and study skills as well as their interpersonal and leadership abilities. In the area of career enhancement, students have opportunities to connect with mentors through our Career Counselling and Life-skills Programs, run by qualified professional teams. The school has a trained professional equipped to support students' academic achievement and social development needs. School counsellors are committed to the students and parents with whom they work and recognize their responsibility for the students' welfare; and aspire to make a positive difference to a student's quality of life. Parents can utilize the services of the school counsellor to build tools together to help their child to achieve and persevere. By using this process, students would be able to better appreciate their self-worth and identity. The school counsellor supports the child's academic, personal/ social and college/career development needs. A team of expert and trained counsellors is available to advise the students. They conduct aptitude tests and career counselling tests. These help in the choice of subjects for further studies. These tests are followed up through Classes XI and XII to help in the selection of careers eventually.

21st CENTURY INTEGRATED CURRICULUM

As the world around us is changing rapidly, there is a great need for us to change the way we teach. Modern infrastructure and newer technologies, along with the ever-evolving demands of the world around us, are shifting the focus from only reading and writing to the development of skills. To prepare our children for life, along with providing knowledge, we have to provide them opportunities to develop skills such as communication, decision making, ethics, independent, thinking, teamwork, leadership, creativity, research and problem solving. But how do we achieve all of this, if the world sound us is dynamic and always in a flux? Will the standardised needs of the learners?

The integrated curriculum followed at USOIS is a well-structured, carefully planned, accountable and appropriate curriculum that incorporates the best pedagogic practices keeping in mind learners' multiple intelligence and learning styles. This curriculum is based on the belief that the "Child is the curriculum" and has been designed after much research and development. It is built not on the idea of separate subjects, but on the much more fertile idea of disciplines, which makes possible a fluid and dynamic curriculum that is interdisciplinary. This helps us to create a positive learning environment and the result is happy, empowered, well-adjusted and competent learners who possess the skills to move and make their own world.

Our thematic, integrated and developmentally appropriate learning program that provides experiential learning and ensures the learners' holistic development through a multi-sensory approach, transporting them to a higher level of thinking. We focus on the development of basic skills and higher level thinking, encourage lifelong learning, structure learning around themes, big ideas and meaningful concepts, and provide connections among various curricular disciplines, along with providing learners opportunities to apply skills they have learned. Our curriculum encourages active participation in relevant real-life experiences. The books and activities captivate, motivate, challenge and scaffold learners along with providing them a deeper understanding of content.

We never forget that there are other equally important factors in the successful education of our young learners, the educators and parents. If we are to achieve the goals in the curriculum, we must ensure that the teaching learning process in the classrooms is efficient and strong. The educators are given not just an effective curriculum, but are also constantly empowered to imbibe and deliver the curriculum to the learners. Through various educator training programs and workshops, we arm them with transactional tools and procedural guidelines that help in discovering new and improved ways to deliver learning sessions to innocent minds. Parenting workshops and PTMs too are conducted for the parents to orient them about the latest parenting techniques.

INFRASTRUCTURE & FACILITIES

U. S. Ostwal International School provides quality education, sports and co-curricular facilities. An ultra-modern School building with plush interiors well-stocked library, modern Laboratories for Physics, Chemistry, Biology, Math lab, language labs and state-of-the-art computer laboratory give our school the cutting-edge advantage in terms of infrastructure.

Sporting facilities include large size outdoor playgrounds, semi-Olympic swimming pool, fully equipped indoor sports room, Basketball court, Volleyball court, Cricket pitches, football ground, Dance & Music Studio for performing arts and Art room. Our Garden campus is imaginative and includes safe play areas for the young pupils and number of presentation and performance spaces within each phase of the school. As in house clinic under the supervision of a trained nurse provides preventive and emergency medical care to the children. The School also provides transport facilities to the children in modern buses equipped with GPRS Mobile Phones and First Aid Kits.

Educating students
for success in a
CHANGING WORLD

GAMES & SPORTS

In order to keep the children, fit in mind and body, sports form an integral part of the school calendar and each child is required to participate in one or more game and/or sports, especially in those in which he/she excels. The School has arrangements for regular sports practice and specializes in all popular sports such as Badminton, Cricket, Football, Kho-Kho, Kabaddi, Table tennis, Chess, Athletics, Basketball, Swimming and Horse riding. The school also provides facilities for yoga and training in martial arts such as Judo, Karate/Taekwondo by trained coaches.

Regular matches are conducted among the four houses to develop enthusiasm for sports and spirit of healthy competition. Students participate regularly in interschool, CBSE cluster and state tournament which help them to stay focused and disciplined to achieve results in competitive environment. Our philosophy of 'we shall be there with you till you become champions', gives them courage and the will to become true champions.

ENVIRONMENT INITIATIVES

Our Green Pledge: At U.S. Ostwal International School we understand, appreciate and value our green gold (ENVIRONMENT). It is important that this precious gift is nurtured, preserved and reserved for the next generation. To ensure our students become global green citizens they are sensitized through the golden rules of "Practice what we preach" of the 3 R'S Reduce, Reuse and Recycle.

A Vision of House: Our school's Scholars and Mentors are being divided into four houses- Prathvi (Earth), Vayu (Air), Agni (Fire) and Jal (Water). We adapted these Four names of the houses as these names are elements of our nature and these four names of our houses reflect the following importance:

<i>House Name</i>	<i>House Colour</i>
<i>Prathvi</i>	<i>Green</i>
<i>Vayu</i>	<i>Yellow</i>
<i>Agni</i>	<i>Orange</i>
<i>Jal</i>	<i>Blue</i>

Houses are allocated to the students at the time of admission and cannot be changed. The student will have the same Houses throughout his/ her tenure at school.

SCHOOL CLUBS

To give students an opportunity to showcase and hone their talents and also prepare them for intra school competitions, various club activities are conducted through the year. Club activities not only help students shape their personal interests and hobbies but also improve their leadership and social skills. We offer 20 clubs and students of Grades I to XII can choose the club depending on his/her interest.

The President, Vice President, Secretary and Assistant Secretary for each club is interviewed and selected by the Principal and teachers. The selected students plan the activities for the year.

Students share their ideas and enjoy learning from each other during club periods. Teachers are there to guide them at every step. Experts are also invited to share their ideas with the students

At the end of the year, each club puts up a programme and the three best displays are awarded trophies.

NCC

Mission and Vision

The mission and vision of our NCC wing is to create awareness among the student community regarding its importance towards nation building. Besides, an NCC cadet is presented with a plethora of job opportunities in reputed government and public sector concerns. We intend to train students to participate in the Republic Day parade and pupils exchange program. NCC wing contributes to the overall personality development of a person and mentally equips them to face the various challenges they may encounter in life.

Activities under FIT India Movement

Mission and Vision -Hon'ble Prime Minister of India has launched the Fit India Movement on 29 Aug 2019 with a view to make Physical Fitness a way of life. Fit India Movement aims at behavioural changes – from sedentary lifestyle to physically active way of day-to-day living. Fit India would be a success only when it becomes a people's movement. We have to play the role of a catalyst.

USOIS Mangalwad, has been declared a FIT INDIA School, and has been issued the FIT INDIA certificate for the same.

Accomplishment of Students

USOIS provides a platform for students to bloom their creativity, imagination, and innovation. USOIS students excelled in the classroom, on the playing field, and across numerous activities.

Students participated in various games at the district level, state level, and national levels and attain achievements. Our students participated in CBSE cluster games sponsored by CBSE and various state government-sponsored tournaments.

In Chittor Fort festivals Ostwalians won the position in a dance competition. Similarly, the students showed their talent in a music competition, conducted by Bharat Vikas Parishad by grabbing the second position.

Every year our students are selected for INSPIRE award, sponsored by the Ministry of Science and Technology.

Achievements of USOIS students demonstrate relentless efforts to achieve excellence. The school is committed to excellence and has always imparted a holistic atmosphere to the students.

छात्र आशुतोष चारण ने रजत पदक जीता

चित्तौड़गढ़ | 18 से 21 फरवरी तक छत्तीसगढ़ में हुई 65वीं राष्ट्रीय बुद्धिबली प्रतियोगिता में यूएस ओस्तवाल इंटरनेशनल स्कूल मंगलवाड़ के कक्षा 9वीं के छात्र आशुतोषसिंह चारण ने भाग लेकर द्वितीय स्थान प्राप्त कर रजत पदक जीता। संस्था के प्रबंधक विजयसिंह ओस्तवाल व प्रधानाचार्य विनय शर्मा ने विद्यार्थी को इस उपलब्धि के लिए बधाई दी।

शिक्षा की खबर

मंगलवाड़ के यूएस ओस्तवाल इंटरनेशनल स्कूल का सीबीएसई 10वीं का परीक्षा परिणाम श्रेष्ठ

विश्लेषण: मंगलवाड़ स्थित यूएस ओस्तवाल इंटरनेशनल स्कूल का सीबीएसई 10वीं का परीक्षा परिणाम शानदार रहा। संस्था के निदेशक

विजय सिंह ओस्तवाल ने बताया कि सीबीएसई दसवीं में उनके स्कूल से सभी छात्र अच्छे अंकों से सफल हुए हैं। छात्र छवि

मुर्जर ने 93.4 प्रतिशत अंक प्राप्त कर टॉप किया है। जबकि छात्रा वंशिका शर्मा व छात्र योगेश शर्मा ने 91.60 प्रतिशत अंक प्राप्त कर संयुक्त रूप से द्वितीय व छात्रा भूमि शर्मा ने 91.20 प्रतिशत अंक प्राप्त कर तृतीय स्थान तथा छात्र रौनक बैरणी ने 90 प्रतिशत अंकों के साथ चतुर्थ स्थान प्राप्त किया है। विद्यालय के प्रधानाचार्य विनय शर्मा ने बताया कि छात्रों के इस सर्वश्रेष्ठ परिणाम का श्रेय विद्यार्थियों एवं शिक्षकों के अथक परिश्रम को जाता है तथा साथ ही साथ विद्यालय का उत्कृष्ट प्रबंधन, विद्यालय का शिक्षण अनुकूल वातावरण और विभिन्न प्रकार की पाठ्य-सहाय्यी गतिविधियां भी इस अद्भुत परिणाम को सार्थक बनाने में सहायक सिद्ध हुई है।

"Productivity is never an accident. It is always the result of a commitment to excellence, intelligent planning, and focused effort."

EXPERIMENTAL LEARNING AT USOIS

USOIS accomplished various activities for students during their lessons. This form of learning is deeply integrated into our lives. These are all vital things in personal growth as we move towards the future.

U. S. Ostwal International School, prepare students not only for their exam or grades but focuses to equip the students for their integral growth and development. USOIS delivers experimental learning because more engaging is anyhow more memorable.

SPORTS & FITNESS

Every student at USOIS undergoes a general fitness program that includes weekly yoga classes. The students are given opportunities to excel & join the school sports team. Each girl must pick one team sport and one individual sport. The Campus has a centrally indoor Hall swimming pool, Horse Riding Court and provisions for the following games: Football | Basketball | Softball | Table Tennis | Kho-Kho | Badminton | Kabaddi | Gymnastics | Athletics & Track Events.

TRADITIONS

"Traditions at USOIS are not just about breaking the ice, but about inculcating the spiritual quotient and finding one's own talents. It is emphasis on celebrating the spirit of sportsmanship, building capacity, embracing oneself and others as a team. The main objective of Investiture Ceremony, Bal Ramayan Drama, Annual Day, Annual Sports Day, Annual Prize and farewell is not to showcase its tradition and culture but to form" greatest and strongest of relationships for life.

TOUR S & EXCURSIONS

"An annual excursion for all students is organized to National and International destinations. The students are allowed to explore, enjoy and have amazing opportunities by planned visits to various places, camps, trekking the hill, with the aim 'Its not the hill that you climb but the fear you conquer'. An Annual International educational trip is organized for senior students giving them innumerable new learning experiences outside" the walls of the class room.

HEALTH @ USOIS

"Countless studies have shown that health and academics go hand in hand. To ensure resilient emotional and physical health of the students we have incorporated the Health Set Go program. Health Set Go is India's pioneering health solutions program working on the World Health Organization School Health Framework, with the aim to provide children with a healthy environment which leads to holistic development.

ADMISSIONS

Parents/Guardians should register their children/wards vide the Application Form enclosed at the end of this prospectus. All the requirements mentioned in the Application form must be strictly followed. Admission is purely on the basis of Merit list prepared after the entrance test followed by a personal interview, provided there is a seat vacant. After the child has qualified in the interview and admission has been confirmed, the parent must immediately deposit the necessary fees as per fee structure enclosed, failing which the offer of admission may be communicated to the next eligible candidate.

The age at the time of admission to various classes should ordinarily not exceed the following:

CLASS	AGE	CLASS	AGE
Play Group	02+Yrs	Class V	10 Yrs
Nursery	03+Yrs	Class VI	11 Yrs
K.G.	04+Yrs	Class VII	12 Yrs

Hostel Facility

U. S. Ostwal International School has fully ventilated, well lit, well furnished, spacious and comfortable hostel. The hostel rooms have shared common room facilities having regular uninterrupted electric supply supplemented by power backup through its own high-power generators, abundant supply of hot and cold water, dining hall, reading room, recreational and entertainment room. The students enjoy their leisure time with modern recreational audio- visual facilities, indoor games. For their entertainment, a T.V. set along with DTH is placed in the common room under the supervision of a resident warden who maintains medical, academic and personal progress record of individual boarder.

Parental Care

At USOIS Hostel, the warden is the effective guardian who love to do his job caring for each small group of 10 students. He/she regularly inspects the student's rooms and studies along with their activity, and keep an eye on the student's diet, hygiene, body care, hair care and the condition of clothes. She/he liaises closely with the academic staff to monitor the quality of student's preparation and other academic work. Most important of all, the wardens carry a major responsibility for the students and for keeping in close touch with the parents by scheduled calling time. Every student is cared for by a warden. Each student's social and academic progress is carefully monitored and reported to parents.

The school provides hostel facilities-for girls and boys separately with a modern infrastructure and a homely environment. The students in each hostel are cared for by the resident wardens.

Day @USOIS

USOIS offers a unique boarding school experience with the grandeur of a castle and the warmth of a home. The daily boarding program is designed to foster continuous learning through academics, co-curricular, environmental and community-based activities. While the communal living introduces a sense of self-discipline and self-reliance amongst the students, the forms at USOIS are alive with conversations, music and pearls of laughter.

BOARDING LIFE @USOIS

Students enjoy their daily routine in the boarding culture of USOIS which makes them feel in a home away from their home.

REGULAR SCHOOL HOURS

Apart from a cheerful boarding life students enjoy regular school hours along with non-boarders which make them strong in their academics as well as in co-curricular activities.

EVENING TUITION (PREP) CLASS

We have provisions of extra classes before and after school hours for the boarders. Be it Remedial Classes to make slow learners to get a better hold on topics unclear or the Coaching Sessions to make the better ones become brilliant and more competitive.

MORNING WALK & YOGA

For a vigorous beginning of the day, morning PT is compulsory for everyone round the year. During the PT session, the students do their Drill, Aerobics, Sprint, Jogging, Yoga and other fitness activities that make them mentally alert and physically sound.

SPORTS COACHING AFTER SCHOOL HOURS

USOIS is one of the Boarding Schools with Internationally comparative sports infrastructure. Evening 4 pm to 6 pm everyday is for physical activities for students which develops organizing, Team Building, Goal Setting, Physical Stamina, fitness and many such skills required for the development of a child.

HOMEWORK/REMEDIAL CLASS

This being in addition to the daily homework Classes to help out the students in the completion of their home assignments. We have systematic and scheduled plans to keep the students academically growing so as to take out the last-minute examination stress from their minds.

BOARDING LIFE @ USOIS

DINING @ USOIS

The dining hall at USOIS comes alive with Indian ethos & values through the ambience created by the students who serve and organize the meals themselves and commence all the meals with positive chanting of the Gayatri Mantra. The dining hall is a reflection of the idea "what you eat is what you become". With a nutritionist on panel the dishes are not only carefully prepared keeping in mind the nutritional requirements and holistic growth of every child, but are also immensely delicious and appetizing.

A stringent food safety and hygiene regime is followed to keep the kitchen, storage and dining area diligently clean and sterile by kitchen staff.

The newly modernized kitchen consists of all the modern cooking equipments where qualified chefs prepare the meals.

CREATIVE ART

Every Sunday, students get an opportunity to pursue art craft, to giving them an opportunity to excel in the area of their interest

Painting: Screen Painting, Framed wall, Block Printing, Jute Bags, Candle Making etc.

PERFORMING ART

The school provides training in variety of disciplines in music and dance which the children have freedom to choose from. We have dedicated and gifted maestros as a part of our prestigious faculty who ignite & sustain the creative spark in our students. The school also has a choir that performs on special occasions. The universal language of Music and Dance helps students from across the continents to bond, and is the perfect catalyst to engage the mind, body and soul.
